METAMORPHOSES

Metamorphoses references the story of Narcissus, a figure from Greek mythology. He is so impossibly handsome that he falls in love with his own image reflected in a pool of water – not even the lovely nymph Echo can tempt him from his self-absorption.

In this installation, mirrored chrome industrial pipe parts artfully enhance the colorful blue, white and mirrored acrylic inserts which evoke the very pools into which Narcissus gazed.

Specs: a set of 100 (or customizable, see design options) chrome industrial parts with acrylic inserts
